Summary

A case for a raspberry pi 5 with active cooler

[Gadgets](#) > [Computers](#)

Tags: [case](#) [raspberry](#) [raspberrypi](#) [raspberrypi5](#)

While slicing, I used supports for the SD card slot and the screw holes but it's possible they may not all need supports.

After printing, poke holes through the thin top layer that is covering the screw holes.

Use care when adding the lid to not pinch the active cooler wires.
